Background Barry University, Miami, BS Nursing; Advanced Nursing Certification from Cleveland Clinic

If you're elected, what will be your top two priorities for the city, and what actions will you take to address them within your first six months in office? (Your response may expand on another answer or relate to a new topic)

Christine D. Dowell:
Water Quality -Appropriate funds towards quality improvement

-Request for Information regarding Reuse vendors is completed as requested by the Waterways Advisory Committee(WAC)

-Data is obtained regarding Gulf waters further off shore

-Enforce Fertilizer Ordinance

-Implement the Rental Ordinance in a timely fashion.

What measures should the city take to improve water quality in Marco Island's canals?

Christine D. Dowell:
As above.

How will you work to address the lack of affordable workforce housing in Marco Island?

Christine D. Dowell:
The Collier County Affordable Housing Advisory Committee(AHAC) has had multiple meetings with many ideas put forward. Their next meeting is October 18.

Marco Island will be rescheduling an Affordable Housing workshop.

In prior years, there was an Interlocal Agreement with Collier County. This is an option that still should be on the table.

How will you work to improve neighborhood safety and the overall quality of life for the residents of Marco Island, especially youth and families?

Christine D. Dowell:
-Implementation of National Neighborhood Watch program. nnw.org It is the premier crime prevention and community mobilization program.

-Short/long term goals for Parks/Rec budget especially for youth/family/young adult programs.

-Implement Naples' Leaf Blower Ordinance

-Provide guidelines for electric bikes/scooters to ensure better safety for pedestrians and users alike

What measures should the City take to address flooding and potential loss of property and life caused by tides (i.e., king tide/sunny day flooding), storms, and rising sea level?

Christine D. Dowell:
-Improvement to swale system across the Island

-Consider FEMA Flood Plain levels in new home building code.
