GU

2020 Candidate Questionnaire

Submitted by:_____Gene Ungarean_____

Email: __gungarean@gmail.com_____

Phone: __239-961-1549_____

Date: _____9/12/20_____

1. About you:

How old are you?
_____58_____

In what part of Collier County do you live? ___North Naples_____

How long have you lived in Collier County, and where were you living previously? __Since 2015, Estero 2014, Pittsburgh area all years prior_

What is your educational background and past work experiences?
_Graduate of the University of Pittsburgh, FBI National Academy (2003). Leadership Collier (2018) resume attached_____

What is your website address and/or any other online information about you (bio, resume, etc.) you would like me to share with voters? Follow me on Facebook - Gene Ungarean ___

Why are you running for this position?

Why are you running for this position?

I am running for this position to improve the quality of life for all Collier County residents. I would like to support the Mosquito Control Team so we can reduce the mosquito population in our county. I would like to make sure we are using the latest technology and research so that we can have the best program available, all while ensuring the health, safety, and welfare of our residents.

What are three things you want to accomplish if you are elected?

1. Reduce the mosquito population
2. Financial responsibility and transparency
3. Ensure we are using the best and safest technology and research

Name one past policy decision of the board you are running for that you disagree with that you would like to change if elected. Why?

I think there needs to be more public education about the Mosquito Control District. The public school sessions and advertising are good but we need to do more so people are aware of the good work being done.

What is the most important thing voters should know about you before making their decision in this race?

As a Police Chief I implemented programs that were inclusive to all residents, I instituted public-private partnerships, and created innovative programs throughout my tenure. I also served as the Assistant Emergency Management coordinator for the township.

Should I be elected to the Mosquito Control District Board, I will seek to use these same strategies to better the already quality program that exists.
