1. What diversity of perspective, attributes, knowledge or skills would you bring to the office that differentiates you or that the other candidates don't have?

Not only a veteran, I have over 30 years of business experience working for international companies such as Xerox, dealing with profit/loss, personnel, project management, contracts, legal issues, buying commercial property. I'm not a one-dimensional candidate.

2. What are three things you want to accomplish if you are elected to this office?

1. Impact Fees too High.
2. Buying of land by the county is misusing taxpayers money.
3. Upgrade the look of the Trail and Collier Blvd. from Naples to Marco.

3. Name one current public policy position you disagree with that you would like to change if elected. Why do you disagree?

Conservation Collier Tax-The voters approved a ballot referendum i, to tax themselves .25 mil in ad valorem collections for funding the acquisition and management of conservation lands. This will be on the ballot in November and needs to be discussed in detail before people vote on this referendum(tax). This needs to be reformed or expire. Where is this money for clean water?

4. What is the most important thing voters should know about you before making their decision in this race?

The only candidate that states his strong conservative values, such as against tax increases and I am against any beach restrictions, these policies violate our civil liberties.
