1. What diversity of perspective, attributes, knowledge or skills would you bring to the office that differentiates you or that the other candidates don't have?

I have lived in Collier County for 39 years, I have operated many successful business, all of which are in my bio, at Votebillmcdaniel.com. I have applied these business principles of my life to serving as your County Commissioner for the last 3.5 years, and hope to continue after my re-election.

2. What are three things you want to accomplish if you are elected to this office?

1. Continue to lower taxes for Collier County residents.
2. Continue efforts to reduce bureaucratic obstacles to allow job creation by the private sector.
3. Continue to manage growth, in an intelligent manner, with balance.

3. Name one current public policy position you disagree with that you would like to change if elected. Why do you disagree?

Impact fees.

Impact fees are a onetime tax and imposition of the first person in, Collier has the highest impact fee structure in the entire state, and this I believe is the largest government contribution to expensive living circumstances in Collier.

4. What is the most important thing voters should know about you before making their decision in this race?

It has been my honor to serve as your County Commissioner for the past 3.5 years. I would like to continue on with the efforts and strides we have made so far.

You may not have agreed with every decision I have made, but I want you to know I did my best to listen to all sides and make decisions that were fair and just for all, not just a few.
